APPOMATTOX ROADS

No subject touches the real home press of a community like good roads, therefore every citizen should feel a keen interest in the work which makes for better roads in his county. For more than twenty years this paper has advocated improvement of our roads. That our present system is faulty, there is no doubt and the people should insist on a practical road law for the county.

In this paper last week, the Hon. W. H Ligon, Chairman of Board of Supervisors of Appomattox county, asks some questions of the people, and particularly desires to know if the expenditure of $79,856 45 for 24 miles of improved road pays.

If we are to judge by past expenditures of hundreds of thousands of dollars with no improvement in roads, we are pleased with the progress made in the last six years, which gives us 24 miles of improved road. The cost per mile of $3,324 96, is not a fair average cost per mile for our roads, because this sum has been expended for the most part on the roughest part of our roads, entailing heavy grading on bad hills.

Out of the sum expended only $1,600 per mile has come out of the public funds of this county, the rest being furnished by the State and private citizens. So we feel like congratulating our people on the work accomplished and urge a continuance of the work until all the main roads of the county have been improved.

In a short while it is our purpose to print a map of the main roads of the county, showing the proposed highways agreed upon by the board for improvement, which has also been approved by the State Highway Commissioner. Careful estimates are to be made on the cost of building these roads, and it is believed by eliminating the Federal Highway and 24 miles already constructed that $150,000, or $50,000 for each magisterial district in the county will build the roads as proposed in the resolutions following:

RESOLUTIONS

Resolved, That in compliance with Act of General Assembly of 1918 approved March 27, 1918, the Board doth designate and lay out a System of County Highways as follows:

1. From Pamplin via Evergreen, Appomattox, Five Forks, Spout Spring to Concord
2. From Red House via Chap, Appomattox, Five Forks, Oakville to Bent Creek
3. From Prince Edward county line via Hurtsville, Hixburg and Pamplin to Red House.
4. From Prince Edward county line via Hixburg and Appomattox to connection with Route No. 2 about 3 miles south of Appomattox and with connection to Route No. 1 about 2 miles west of Evergreen.
5. From Five Forks via Old Appomattox, Vera and Rose Bower to Buckingham county line.
6. From Spring Hills via Spout Spring to Walker Ford
7. From Bent Creek via Wildway to Vera with connection to Tower Hill
8. From Buckingham county line via Rose Bower and Holly wood to intersection with Route No. 4 about 3 miles south of Hollywood.
9. From Hixburg to intersection with Rome No. 1 about 1 mile east of Evergreen.
10. From Evergreen to intersection with Route No. 2 about 1 mile north of New Canton.
11. From Rout. No. 5 about 1 mile east of Five Forks to intersection with Route No. 2 about 1 mile north of Wildway.
12. From Campbell county line via Karl to Oakville with connection with Route No. 1 about 1 mile west of Five Forks.
13. From Buckingham county line via Tower Hill to Route No. 2 about 1 mile north of Oakville.
14. From Stapleton to Karl and connection with Route No. 2 about 2 miles from Stapleton.
15. From Charlotte county line to connection with Route No. 10 about 2 miles south of Evergreen.

It is further ordered that duplicate map of this county showing the roads herein described with duplicate copy of this resolution be duly attested by the Clerk of this Board and forwarded to the State Highway Commissioner for his approval.

Bonds for this amount can be floated now on most favorable terms, and the people will shortly be called upon to decide the matter—whether you will continue to waste public funds under the old system and have no roads, or whether you will improve same and use them during the present generation.

Properly managed, a sinking fund of $7,500 per annum and a like sum for interest would retire the debt in less than twenty years without an increase in taxes. Think it over, tax payers, and let's move out promptly for progress and better roads.

Senator Swanson of Virginia is a good roads advocate, and has just introduced in Congress two bills amending national road legislation looking to prompt and effective road work in the rural districts of the United States. One of his bills making $50,000,000 available as soon as possible, this together $25,000,000 already appropriated under old bill gives the States $75,000,000 immediately for road work. This bill will give, when it becomes a law, $600,000,000 for post roads.

The Senator knows the greatest need of his constituents.

NO PAPER NEXT WEEK

As is our custom, we will issue no paper Christmas day, giving our employees a well-earned rest. On January 1st we will visit your homes again.

The year has been an exceedingly hard one on newspapers. The price of our papers has not been advanced, which has been the case with many papers. We preferred to stick to the original price and fight the battle against constantly rising prices in material and labor.

We desire to thank loyal friends who have contributed to whatever success we have made of the paper, and with hope for better conditions, and with your aid the paper will show improvement.

With gratitude and best wishes for a merry Christmas and a prosperous new year, we are,

Very truly,
TIMES-VIRGINIAN.

Large Tax-Payers Favoring Good Roads

Replying to statement published in last week's issue by Hon. W. H. Ligon, I want to say that the figures do seem enormous—to think that the cost of one mile of road is $3,194 26, or $79,856 15 for 24 miles, embracing all road work but when we take into consideration that the 24 miles includes mountain cuts, miles of entirely new road, and many concrete bridges—such places as North's Hill, Rocky Run, Old C. H. Hill, Foggy Mountain and the numerous hills in Stonewall district—I submit the cost is not a fair cost of building roads in Appomattox county.

Again, I would like to ask if the above figures include the cost of teams, harness, wagons, tools, etc., which can be used for more work? And is it exactly fair to charge the up keep and all improvements and equipment to the building cost of the said 24 miles of road?

You asked the question: "Does it pay it is fair to the county, taken as a whole, and what shall we do?"

Before attempting to answer you, I want to grant you that this is not a new subject, and it is one that interests every tax payer and voter in our county, and should be discussed thoroughly and disposed of in a business like way.

Having lived in the county about 40 years, and having section, with Route No. 2 about 2 miles south of New Canton.

12. From Campbell county line via Karl to Oakville with connection with Route No. 1 about 1 mile west of Five Forks.

13. From Buckingham county line via Tower Hill to Route No. 2 about 1 mile north of Oakville.

14. From Stapleton to Karl and connection with Route No. 2 about 2 miles from Stapleton.

15. From Charlotte county line to connection with Route No. 10 about 2 miles south of Evergreen.

It is further ordered that duplicate map of this county showing the roads herein described with duplicate copy of this resolution be duly attested by the Clerk of this Board and forwarded to the State Highway Commissioner for his approval.

Bonds for this amount can be floated now on most favorable terms, and the people will shortly be called upon to decide the matter—whether you will continue to waste public funds under the old system and have no roads, or whether you will improve same and use them during the present generation.

Properly managed, a sinking fund of $7,500 per annum and a like sum for interest would retire the debt in less than twenty years without an increase in taxes. Think it over, tax payers, and let's move out promptly for progress and better roads.

Senator Swanson of Virginia is a good roads advocate, and has just introduced in Congress two bills amending national road legislation looking to prompt and effective road work in the rural districts of the United States. Large Tax-Payers Favoring Good Roads

Replying to statement published in last week's issue by Hon. W. H. Ligon, I want to say that the figures do seem enormous—to think that the cost of one mile of road is $3,194 26, or $79,856 15 for 24 miles, embracing all road work but when we take into consideration that the 24 miles includes mountain cuts, miles of entirely new road, and many concrete bridges—such places as North's Hill, Rocky Run, Old C. H. Hill, Foggy Mountain and the numerous hills in Stonewall district—I submit the cost is not a fair cost of building roads in Appomattox county.

Again, I would like to ask if the above figures include the cost of teams, harness, wagons, tools, etc., which can be used for more work? And is it exactly fair to charge the up keep and all improvements and equipment to the building cost of the said 24 miles of road?

You asked the question: "Does it pay it is fair to the county, taken as a whole, and what shall we do?"

Before attempting to answer you, I want to grant you that this is not a new subject, and it is one that interests every tax payer and voter in our county, and should be discussed thoroughly and disposed of in a business like way.

Having lived in the county about 40 years, and having

---

over only a portion of the above mentioned improved places; and seeing among the large tax payers, I will say double, double your forces and put the old county with every foot of the four hundred miles in equally as good condition

You asked the question, Does it pay to have good roads?

As I answer this by asking, Does it pay to have bad roads? Don't you think it would be fair to ask the good people of Rose Bower, and Stonewall district, and especially those who come in by the way of North's Hill, as to what they think?

The question is open. Let the tax payers use the newspaper to express their opinions.

C. A. Babcock

Our Roads

Believing, as I do, that good roads in Appomattox county will double the wealth of the county in a very short time after they are built; and being an advocate of some method of building good roads over the entire county, I am, naturally, interested in the statement of Mr. Ligon, published in this newspaper of Dec. 11.

I do not consider the figures he gives as representing the average cost necessary to make good roads at 400 miles, more or less, now to be improved, because I know that much of the work covered by the figures he gives represents work on some of our most difficult grades. Then, too, I am of the opinion that State supervision, in many cases, by prescribing certain grades and requirements and forcing compliance with "red tape" rulings, greatly increases the cost of construction.

Another matter which, in my opinion, has greatly increased the cost of the construction done so far, is the lack of modern equipment with which to work.

I know it to be a fact that only in the past year or less has our road construction force had the use of even a wheel road scraper, depending largely up on pick and shovel to move great volume of soil.

I understand the county contract for convict labor will soon expire and most likely cannot be renewed, even if desired.

If this is true, let us consider other methods of road construction. My suggestions are as follows:

First. Let the movement be big enough to build every mile of roads as shown by the county road map as accepted by your good roads association about a year ago.

Let the citizens of each district know that these certain roads will be constructed and, if possible, start a force in each district at the same time and keep them working until the work is completed.

Instructions have been given by our Supervisors locking to the publishing of a map showing the proposed roads of the county to be improved. I hope this will soon be before you.

There is much more I could say on this subject, but if this much may serve to stir up others and to keep the subject before the public until some wise plan to carry on the work may be reached, then I shall be satisfied.

Yours to make Appomattox county a good roads county,

A. R Harwood.

An Explanation

Vera, Va., Dec 10.

To the People of Appomattox County, Va:

In the November 13th issue of the Times-Virginian there appeared an arraignment of the school board of Appomattox county by the teachers of Appomattox Agricultural High School. They told what the school board did not do, and if they had added to that what the board did do, this piece would not have been written; and this is written only as an explanation.

On Nov. 6 the board met and, with no representative or petition from the teachers, the question of whether the teachers should be paid for the time lost on account of the influenza was brought up and discussed at length. If the teachers were paid for the last month of October and allowed, in addition, to teach the full term, it would cost the county of Appomattox about $2,800 additional salaries for teachers (an amount of money the school board was not in a financial condition to spare) If they were paid for the time lost and cut it off the term, the children of Appomattox county would be deprived of one month's schooling; and as the schools are run for the benefit of the children, the school board decided to take care of them first, and then do justice to the teachers, as it is our duty to be just before we are generous. The board decided to allow them to teach Saturdays and holidays and have a short time for Xmas, thereby making the term end about the usual time; the teachers would have no more board to pay in the end than they would have had they lost no time. And in addition the board decided they could send in an account of any extraordinary expenses on account of closing the schools and the board would consider it. At the last meeting of the board two teachers of the Appomattox High School sent in accounts for traveling expenses and the board paid them They say they were promised pay for lost time when the school was closed; I do not know who promised it; the school board did not, and they were the only ones authorized to promise it.

It has come from several sources that the Appomattox High School teachers think they were not treated with the proper consideration and courtesy when the board did not reconsider the matter for them. As that is the only school of its class in the county, if they had would have been just to have treated every school in the county likewise.

The Clover Hill District pays more in teachers' salaries than any other district in the county. Last year that district paid 23 teachers $6,363,99; the Appomattox High School paid to only 13 teachers $6,226,36. The board did not think, because they paid the Appomattox High School teachers larger salaries and gave them a longer term than the other teachers in the county, they should be dictated to by them any more than by any one-room teacher far back in the country.

By order of the school board, in session Dec. 5, 1918.

N. R. Featherston,
Superintendent.

Chestnut Grove

Mrs. Lula Chernault, wife of Peter H. Chernault, died at her home near here on the 10th instant of influenza. The news of her death was a great shock to her friends, as she was sick only a few days and her condition was not regarded as serious. There is left, besides her husband, four sons and two daughters, all of whom reside in the county except the oldest son, who lives in Appomattox village. There is also one sister, several brothers and many relatives and friends to mourn their loss. The remains were laid to rest near her home. The funeral service was conducted by Rev. J. H. Gordon All the family were ill at the same time, but are improving.

We learn that almost the entire family of Mr. Ford Cole is in bed with the flu. This section has been free from this disease until a few weeks ago. Chestnut Grove school is closed.

The condition of Mr.T. H. O'Brien, who has been ill for a long time, is growing worse.

The farmers have been busy stripping tobacco the past week and a large amount of the weed will be sold before the market closes for the holidays.

The schedule of star route from Appomattox to Evergreen which has run in two sections has been changed to one section and one carrier. Since trains Nos. 7 and 8 have been restored, this change is no improvement to the service, and this being a long route, it is hard on man and team to make the trip each day as now scheduled.

Mr. D. M. Seeger has returned home from a trip to Augusta county, where he drove 32 head of cattle. We are informed there is an embargo on the shipment of cattle and no cars can be had.

Letters from some of the boys in France state that they have not been paid for some time. We wonder why this is so, with a rich nation like ours.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take internal remedies. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

THE GRAND OLD COUNTY PHOTOGRAPHED

Made Interesting Reports Made of Her People.

Rev. and Mrs. Fruit left Saturday for their new home, Hicks Wharf, Matthews county. They have been with us for the past four years Mr. Fruit, as pastor and as man, wielded an influence for good during his stay here. Mr. Fruit's success or will be Rev. J. E. Daniel. The membership of Trinity is small in numbers but they are earnest and enthusiastic in their church work.

Mr. and Mrs. Kyle Christian will spend the winter with their daughter, Mrs. Houston Antrim, at Greensboro, N. C.

Miss Grace Armstrong will spend the holidays with her parents in Barton Heights, Richmond.

On Sunday last the horse of Miss Mary Glover, hitched to a buggy, became frightened at an automobile and ran away. The occupants were thrown quite a distance over the steep embankment of the new road, but no one seriously injured.

Lieutenant Marshall, Richmond, spoke here on Thursday night. He recited many interesting incidents of the great war and also made a very enthusiastic appeal to his hearers to continue the different forms of war work. He reminded them that the work of the Red Cross is by no means completed. Mr. Marshall spent two years in France and was wounded three times.

Tom Shoemaker has returned to his home near here from Camp Humphreys. Andrew Goins is home from same camp.

Locally, everyone is supplied with pork, and dressed hogs have to be shipped to market to find sale.

Chine and spareribs selling for 25c pound, and it costs about 24c pound to pay express and commission.

One farmer near here bought a calf 6 months old for breeding purposes, paying $100 for it and $10 freight.

Mr. Bowen, the new miller at the old Shaw mill near here, is making splendid meal, but I don't know that it is any better than that made at the gasoline mill here.

Rev. John L. Rogers, who has been at a training camp in Kentucky, has come to his old home near here and soon will resume his ministerial work.

The Buckingham high school will close for the holidays on the 20th and open again 31st

Mr. A C Wood sold to on Dillwyn market for the best.

For Sale—Fertilizer like you used to use, without substitutes. Blackstone Guano Co. 12 18 3t Blackstone, Va.

Mrs. King, sister of Miss Alice Hubbard, is here to nurse her. The family is reported better.

Miss Gladys Bingham, teacher at Spout Spring, is home in town Saturday doing some shopping.

Miss Estelle Thornton, teacher in Appomattox High School, has gone to Rolling Hill until after the holidays.

Mr. Trustwell Morgan has returned from Lynchburg hospital, after undergoing an operation for appendicitis, and is about well.

Service at Memorial Sunday at 11 a. m Let our people come to this service, that the church may not fail in its ministery to the community.

Our esteemed citizen, Mr. C W. Hancock, and his grandson, Braxton Hancock, are expected home on Saturday from Florida, where they have been on a fishing trip.

Have you paid your subscription to this paper?

Lieut. D. T. Terrien, Camp McArthur, Texas, will spend the holidays at Mr. H. C. Babcock's.

Miss Hattie Fore, who is teaching school at Savannah, Ga., is at her home at Hixburg, having about recovered from a severe spell of influenza.

Several interesting letters were crowded out this week, on account of their reaching us too late. Send in your "copy" before publication day.

Miss Lougenia Patteson has returned to her post at this office, after a "vacation" of two weeks with influenza. Her little sister, Earle, is now ill with it.

David Logan, a worthy colored man and good bright tobacco grower, reports an average of 90 cents per pound for his tobacco. There is as fine bright tobacco land in Appomattox as in any section.

Turnes—Mitchell

At high noon Wednesday, Dec. 18th, Miss Bessie Mitchell was married to Mr. Aubrey Turnes at the home of the bride. The bride was attired in a wisteria traveling suit with Mitchell. Mr. Robert Bingham was best man. The ceremony was performed by Rev. A. J. Rice. The march was played by Mrs. W. B. Caldwell.

The bride is the beautiful and accomplished daughter of Mr. and Mrs. Lemuel Mitchell, and the groom is the son of Mr and Mrs. John Turnes and is a prosperous farmer. The bride and groom were handsome and numerous. Mr. and Mrs. Turnes left on an extended Eastern tour. Many friends and relatives attended the wedding.

Annual Conference Notes

Rev. W. T. Green returned as presiding elder.

Rev. L.F. Callahan returned to Appomattox Memorial; Rev. A. S. J. Rice to Appomattox circuit, and Rev. A. K. Lambdin to Pamplin circuit.

Rev. W. L. Mays to Concord.

The Richmond Christian Advocate was bought by the Conference of Dr. Cannon at the price of $18,400 and Rev. Graham Lambert was appointed editor.

Masonic Notice

At a regular stated meeting of Monroe Lodge No. 301 A. F. & A. M., the following officers were elected for the year 1919:

B. G. Anderson, W. M.; W. P. Gills, S. W.; J. A. Burke, J. W.; C. W. Smith, Secy.; J. H. Higginbotham, Treas.; H. W. McKinney, S. D.; J. L. Morris, J. D.; Fonroe Woolfolk and F. L. Martin, Stewards.

Meeting to be held on St. John's night, Dec. 27. Supper served at Hotel Appomattox.

Infant Dead

On the night of Dec. 7 the home circle of Mr. and Mrs. Charlie Kitchen, 1119 Decatur St., Richmond, Va., was broken by the departure from earth to heaven of their infant daughter, Nannie Estelle, aged 14 months.

The little body rests in the family cemetery of its grandfather, whose death preceded hers a little over five months.

War Stamps

Col. Thos B. McAdams, Richmond, Va., has received the following telegram:

"I most earnestly urge upon you that your Organization make every possible effort to the end that pledges for the purchase of War Savings Stamps be fulfilled before the close of the year. The Government's monetary requirements were greater nor more pressing than they are today. Expenditures for November were greater than in any similar period. These expenditures growing out of the war must be met by borrowing from the people; and their magnificent response heretofore to the Government's requirements makes me confident that they will not fail to continue their support to the end that all payments resulting from our necessities will be promptly met. Much remains to be done. Our brave troops must be maintained and paid until their work is fully accomplished and they are returned to their homes. This is not a time for us to relax our efforts, and the Treasury Department is making plans for larger and even more important work during the coming year Please make every effort to bring this statement before your people in your district and to urge upon them the continued holding of their War Savings Certificates, the fulfillment of their pledges, and additional purchases as their means permit.

"(Signed)
"W. G. McAdoo,
"Secy. Treasury."

Assist Country Folk in Getting Physicians

Virginia will soon be relieved of the shortage of doctors which prevails in many sections as a result of the world war. The cessation of hostilities means the almost immediate discharge of many physicians now in the service of the United States. Some of these already are looking about for neighborhoods in which to locate and have written the State Board of Health for advice as to their future plans. The Board of Health, therefore, is in a position to assist communities now standing in need of doctors, and will be glad to aid these communities in procuring well equipped physicians. It would be well for those interested to write at once. Address State Board of Health, 1110 Capitol Street, Richmond, Va.

Christmas

Virginia manufacturers, merchants, and all other employers of labor, farmers, and other citizens of the Commonwealth are earnestly requested to support the Government of the United States and encourage practical economy and thrift by giving War Savings Stamps instead of money or other things as Christmas gifts.

Give War Savings Stamps and help bring the boys back home.

(Signed)
Westmoreland Davis,
Governor of Virginia.

Vera

Is everybody ready for Christmas? This should be a patriotic Christmas; the time each American should feel like sending each of his friends a card, saying, 'Sorry; but I bought War Savings Stamps; will send you a present next year.'"

Mr. and Mrs. Jesse Turnes are both ill of flu.

Miss Alma Hanenkrat is spending the week with Mrs. Charlie Habegger.

Mr. Thomas Harvey was painfully injured last week by getting a foot hung between two logs of wood while plucing wood on the saw. He is now reported as getting on nicely.

Subtle Youthful Reasoning.

Jimmy had been scolding his mother all day for some of the new jam that she had made, and in order to discourage him she tried to tell him that it did not turn out well and that she would have to give it to the little dog, Towser, next door. A few hours later she found him in a corner in the pantry, all smeared up with the jam and the jar half empty. In answer to his mother's questions as to what he was doing he said: "Doodles don't like jam, and you mustn't throw anything away, so I thought I would eat it."

In an Airplane.

Probably of the engine, the average airplane contains 4,826 nuts, 3,377 screws, 620 steel stampings, 708 forgings, 270 turn-buckles, 65 pounds of aluminum and relative quantities of varnish, rubber, linen, wood, etc.

vs. In Chancery

C E Stone, J W Smith, Trustee, and Herron Coote.....Defendants

The object of this suit is to subject by sale or otherwise, as may appear proper to the court, the lands of the defendant C E Stone to the payment of the liens thereon, to-wit: A certain tract of land containing five hundred acres of land bounding to him, from the Lynchburg-Farmville road in Cumberland county, Va., to the payment of the liens in favor of the Plaintiffs, and all other liens and claims against said property; and an affidavit having been made and filed that the defendant Herron Coote is not a resident of the State of Virginia, it is ordered that he do appear here within 15 days after due publication hereof, and do what is necessary to protect his interest herein, or the bill, &c., will be taken for confessed. And it is further ordered that a copy hereof be published once a week for four weeks in the Times-Virginia, a newspaper published in the county of Appomattox, and that a copy be posted at the front door of the courthouse of this county on the first day of Dec, 1918, that being the next succeeding Monday after this order was entered.
